

FIFA World Cup 2026™ Surcharge

Effective June 11 to July 20th, 2026.

A surcharge will be applied to pick-ups or deliveries to and from the designated areas. Due to the FIFA World Cup 2026, delays are expected from increased traffic to road closures and heightened security.

You can help lessen the impact on your business by undertaking temporary changes during the world cup by shipping ahead, stocking up or consolidating orders to cut down on shipping and receiving during this time.

The designated areas are limited to the geographical area beginning with the postal codes listed below and will be applied only if the shipper or consignee are within these regions.
